Hey Steven --

The yearbook pictures are dandy -- the editing job of the text however is another matter -- on your side we are extremely pleased -- you guys are rehired for next year, I definitely want ya back. Steve Kanfer the AP in charge agrees. Although I probably will not return to the Office of Senior Activities due to an inhouse promotion I will see to set up the appointments for pictures with Gladys and see about labels. I have a good idea who will inherit my directorship I will make the appropriate introductions when it is clear I am out of my position and secure in the new one. He is a good guy if he gets it.

Also thanks for the photographers for my other two events - you guys have been great this year - whatever happened last year from what I see it was not on your end. Thoroughly pleased with the year as a whole -- you have done a job I am pleased with.

When I finish with the distribution of the books I will see about a copy for you guys. All the best

Joe Canale
