Hi Cheryl and Steven,

I just wanted to thank you for the photographers who came to our prom. The woman taking the pictures was wonderful. Just to give you a heads up, I took a picture with three of my students and asked them to have it sent to my house (she said they normally have pictures sent to the school). I gave them Steven's name as my "contact" in case they had questions or a problem with the pictures being sent to my house (I hope that's okay Steven). I just wanted to let you know and tell you I appreciate all of your help.

Thank You,

Carrie
