Hi Cheryl --

I'm just checking in to tell you that I am still the Yearbook advisor at Beach Channel H.S.

I want to thank you and everyone at Continental Studios for the great job you did for us last year and I am looking forward to continuing our relationship this year.

My first order of business with you is to find out how many members of our Class of 2010 have already taken their Senior Portraits. We have roughly 500 Seniors, but I expect only about half that number to actually graduate in June (and possibly August). How much time do you need to send out appointment cards? Ideally, I would like to have the Seniors take (or re-take) their pictures before the end of September, but I realize that is probably not going to happen, so I will settle for a more realistic time-frame and hope it can be done by the end of October. As soon as I can get an updated Senior List, I will send you a copy.

Hope your summer was restful.

Thanks again for everything,  
Anthony Mizzi,  
Beach Channel High School Yearbook Advisor
