To Whom It May Concern,

Continental Studios has been working with our school for over 20 years and I have been working with them since 2006. I would highly recommend them to be your schools' photographer. All the staff members and photographers are highly professional, work well with the students and make the process of taking both faculty pictures and student pictures seamless. Continental Studios has also provided photographers free of charge for other events in the school and accommodate the school's schedule. When students miss their appointment or need to do a retake, , they make it easy for them to go to the studio.

The school is very pleased with the services they supply and how the students are treated. If students cannot afford the fees, they waive the fees. The photographers are professional, courteous and respectful of the students. Any issue I have is handled in a timely fashion.

I would highly recommend Continental Studios to any school to take care of their photographic needs. If you have any questions, please feel free to call me at 718-758-7358 or email me at [mutter@schools.nyc.gov](mailto:mutter@schools.nyc.gov).
